Presents their Second Annual Conference
Thursday - Friday, October 26-27, 2006
DoubleTree Hotel and Executive Meeting Center
200 Atrium Drive, Somerset, NJ

This two-day conference will cover information important for floodplain managers, emergency managers, building code officials and other professionals involved in floodplain management. Speakers from FEMA, NJ State agencies, other Federal agencies, municipalities, and the private sector will cover topics of floodplain management in New Jersey, FEMA activity in our state, hazard mitigation, the Governor's Task Force on Flood Mitigation, building codes, NJDEP regulatory issues, NFIP/CRS, local case studies, NFIP map modernization, DMA 2000, repetitive loss properties, Certified Floodplain Managers program, and the development of the New Jersey chapter of the Association of State Floodplain Managers. The combination of plenary sessions and educational breakouts are planned to give you the tools to educate your community.
